Dear Valued Customer:

The European Chemicals Agency (ECHA) has identified a Candidate List of Substances of Very High Concern (SVHC) for Authorization. This list is available on the ECHA's website <http://echa.europa.eu/>. This list will be regularly updated when more substances are identified as SVHC. ECHA urges companies to check their potential obligations resulting from the Candidate List.

Rogers has evaluated the Diversified Specialty Products for SVHC. Rogers uses Silicone Rubbers which possess materials that are classified as a SVHC.

Chemical Name	CAS	Maximum Percentage

OCTAMETHYLCYCLOTETRAASILOXANE	556-67-2	<5%
